

AAKULA LAXMI SAHITHI

Data Analyst

Hyderabad, Telangana | 9985344095 | sahithiaakula57@gmail.com | linkedin.com/in/laxmi-sahithi-aakula19 | github.com/Sahithiaakula

SUMMARY

Data Analyst with 3+ end-to-end analytics projects and a data analytics internship, turning raw, multi-source datasets (10,000+ rows) into SQL-modeled, Power BI-driven dashboards that cut manual reporting effort by 5+ hours/week. Skilled in SQL, Python, Excel, and Power BI (DAX, data modeling), with a strong grounding in data cleaning, EDA, KPI tracking, and stakeholder-ready BI reporting.

SKILLS

Languages & Query: SQL, Python

BI & Visualization: Power BI (DAX, Data Modeling, Power Query), Microsoft Excel (Pivot Tables, VLOOKUP, Advanced Formulas)

Databases & Tools: MySQL, Git, GitHub

Core Competencies: Data Cleaning, Exploratory Data Analysis (EDA), Dashboard Development, KPI Reporting, Stakeholder Reporting, Business Intelligence

PROJECTS

E-Commerce Sales Analytics Dashboard

SQL, MySQL, Power BI, Excel

- Cleaned and transformed a 10,000+ row e-commerce sales dataset in Excel, then modeled it in MySQL to support structured, repeatable analysis.
- Authored 30+ SQL queries (multi-table joins, aggregations, subqueries) to analyze sales trends, regional performance, and customer segments; visualized results in an interactive Power BI dashboard (KPI cards, maps, slicers), cutting manual reporting effort by 5+ hours/week.

HR Analytics Dashboard

Power BI

- Developed an interactive HR Analytics Dashboard in Power BI using HRDataset_v14 (311 employee records, 36 attributes), surfacing an overall 33.44% attrition rate (207 active vs. 104 terminated) across 6 departments.
- Designed KPI cards, slicers, and drill-down visualizations highlighting department-wise attrition (Production: 209 employees, the largest department) and salary distribution (avg. \$69,021), enabling faster, data-backed workforce planning decisions.

Sales Analysis Dashboard

Excel, SQL, Power BI

- Cleaned and transformed raw, multi-source sales datasets using Excel and SQL, eliminating inconsistencies to ensure accurate downstream reporting.
- Built interactive Power BI dashboards tracking revenue, sales performance, and regional trends, giving stakeholders self-serve visibility into key business metrics.

EXPERIENCE

Codec Technologies Pvt. Ltd. — Data Analytics Intern

Jan – Mar 2026 (2 Months)

- Completed an AICTE & ICAC-approved Data Analytics internship, applying data cleaning, preprocessing, and exploratory data analysis (EDA) techniques to real-world datasets using SQL, Python, Excel, and Power BI.
- Built dashboards and supported end-to-end analysis workflows, gaining hands-on exposure to core BI tooling and machine learning fundamentals.

EDUCATION

Raghu Institute of Technology, Visakhapatnam

2023 – 2026

B.Tech, Electronics & Communication Engineering | 77%

International School of Tech and Science for Women's Engineering College

2019 – 2022

Diploma, Electronics & Communication Engineering | 75%

Little Star High School, Kukunoor

2018 – 2019

SSC | 85%

CERTIFICATIONS

- Data Analytics Job Simulation — Deloitte (via Forage), March 2026
- Python (Basic) — HackerRank, Aug 2025 (ID: C7E34C1DD16D)
- SQL — Skillrack (skillrack.com/cert/549123/ZRF)
